# teafigure

The imposition template is highly reduced.  
Here you can download our print template  
as eps-file.

The writing „aluminium staple“ with the arrow, the mark of the aluminium staple, as well as all other describing elements are solely to help design your layout. Therefore they have to be deleted from the final printing files, so that only the die cut and fold marks and further your design including bleed is left.

## TECHNICAL SPECIFICATIONS & IMPOSITION TEMPLATE

For full surface printing, please add 3 mm bleed.

Printing type	Offset printing
Colours	CMYK, no spot colours except the die cut
Printable files	Pdf/X-3:2002
Colour profile	ISO Coated v2
Fonts	Please convert to outlines
Image resolution	Halftone: 300 dpi, line drawing: 1200 dpi
Document size (bleed incl.)	94 x 124 mm (BxH), 1:1
Transparency	Please flatten

Please prepare your PDF-print files without crop or registration marks and colour bars. Please use the colour profile Iso Coated only for converting your files, do not embed any colour profiles to the printable pdf.

For motives in 4c Euroscale, we need a binding colour sample. Colour deviations are possible depending on material and product.
